

**Lost In the Sky**  
Copyright 2012 Steve Watkins

Capo up 2 and play like key of D (really key of E)

**Verse 1**

**G D G D**  
I've got nowhere to go, but I don't mind,  
**G D A G D**  
Cause I've got the blue sky and the sunshine.  
**G D G D**  
Just down the street all the cars rush by.  
**G D A G D**  
They don't bother me cause I'm lost in the sky.

**Chorus** (same chords as verse)

So high, lost in the sky.  
Drifting away, I feel I can fly.

**Verse 2** followed by Chorus

I don't have much money to spend.  
That's OK, it doesn't count in the end.  
I don't know where I'm going, I'm going nowhere.  
Today it doesn't matter, I don't really care.

**Bridge**

**Em7 F#m7**  
It's a blue sky day.  
**G A**  
A bird sings his song and I sing along.  
**Em7 F#m7**  
Spring rides in the air.  
**G A**  
Sun shines on, I don't have a care.

**Verse 3** followed by Chorus

I'm thinking about you, wish you were here.  
Wish you could share this day so fair.  
Just lying in the grass, breathing sweet air.  
Sailing along, without a care.
