Verse 1

C#m4 Bm4 D9 A

Flying high in the air, over the Atlantic,

C#m4 Bm4 D9 A

It must be cold and gray, when the wind blows down there.

C#m4 Bm4 D9 A

We passed over Iceland, England and Ireland,

C#m4 Bm4 D9 A

As we break through the clouds, I see France down below.

Chorus |: D E A :| x3 B- E A (chords but no lyrics)

Verse 2

(In a) sky-blue sky, (burns or hangs) a bright orange sun,

(With) cottonball clouds floating all around.

I'm floating too, feeling so free.

Got a new direction, let the wind carry (take) me.

Chorus

D E A D E A

Left my home and things I know.

D E A B- E A

Travel new lands. I just wanna go (grow).

Verse 3

Checkerboard farms, patches of brown and green,

Gingerbread villages, like I've never seen.

A castle on a river, looks like a chess game.

I'm looking for something, but I don't know its name.
