Verse 1

G **D** **C** **D**
Ever since we met, we've had a river,
G **D** **C** **D**
Running strong through us, binding the two of us.
 G **D** **C** **D**
It flows on and on, around every bend,
G **D** **C** **D**
On down through time, the river never ends.

Chorus

C **G** **C** **G**
River of love, river of love.
 C **G** **C** **G**
You're my giver, my taker, my maker of love.

Verse 2 followed by Chorus

Maybe once in a lifetime, someone comes along,
You look in her eyes, you're both hypnotized.
You know it's not right, but it doesn't feel wrong.
You can't resist the river, the river's just too strong (it's just too strong).

 E **A** **E**
In the night, in the morning. My soul sounds a warning.
 E **A** **E**
It says you're gone, and you won't be back if I hang on.

Verse 3 followed by Chorus

Now we're not together, but we've still got a river,
Running strong through us, binding the two of us.
It flows on and on, around every bend,
On down through time, the river never ends.
