Verse 1 Intro: D F#m G D F#m D A A

D F#m G D

The night time sound of trains, running through my brains,

F#m D A

As the box cars couple loud and hard.

D F#m G D

I can feel the engines throb, as the brakeman does this job,

G A D

I wish I could ride that freight on out of the yards.

Verse 2

Making music in the city again, here to who knows when.

Where the bright lights and late nights take their toll.

One more city round, and then I'm country bound.

G A D

Need a Twin City girl who wants more than just rock and roll.

Chorus (melody in lower case)

G b A c# D d Bm b

Can I find that girl tonight, in the bright (soft) moon light.

G b A c# D d Bm b

I want to hold her in my arms, under stars like diamond charms,

G b A c# D f# e d

Dreaming dreams of a small town life.

Verse 3

D F#m G D

Ladies love the bands, but I'm tired of one-night stands,

F#m D A

Can I settle down and still feel free?

D F#m G D

Can I give up my gypsy dreams, so hard on stay-at-home queens?

G A D

Can my different dreams match stone cold reali-ty?
